

IMPORTANT SAFETY RECALL

DeWALT® Model DXH90CFAK and DXH90CFAKM cordless kerosene forced-air heaters

The heater can re-start unexpectedly when allowed to run on the thermostat and if not turned off while in standby. If the heater is moved to a location close to combustibles, or an enclosed or occupied space, the heater may re-start unexpectedly, based on the thermostat setting, and may present a fire and/or carbon monoxide hazard.

Only Model DXH90CFAK heaters with serial numbers 340902-20001001 to 340902-20004000 and Model DXH90CFAKM heaters with serial numbers 340901-20001001 to 340901-20001500 are affected by this recall.

The model number and serial number are located on the side panel opposite the controls.

If your heater is affected, **STOP USING IT IMMEDIATELY**, and call
Enerco Group toll free
1-800-964-4328

between 8 a.m. and 5 p.m., Eastern Time, Monday through Friday or online at
www.energogroupinc.com/recall to obtain a free replacement corded heater.
